**Research Team**

To enhance research capacity in the region and nurture early career researchers (ECRs), e-ASIA JRP encourages projects to involve early career researchers (who has completed his/her doctoral degree in the last 10 years) and predoctoral researchers in international collaborative research activities. Please put a tick mark “✓” in the column of ECR if applicable.

**Descriptions of the Cooperative research project**

(Please refer to the evaluation criteria in the guideline. References should be listed at the end of this section.)

1. Research Background and Goal (including ongoing research activities and special strengths of each research groups) max 1 page

2. Approach (describe clearly the technical approach how the project will address the issues to be solved) max 2 pages

3. Expected Outcome (scientifically as well as in terms of relevance for industry and society (esp. how to contribute to requirements from society and how to reach such requirements)) max 1 page

4. Synergy of the Joint Research Activity (including how the groups complement each other, expected added value from the proposed joint project) max 1 page

5. Research Plan (Itemize the specific research activities done by each team each year. The targets to be achieved and the role of each team should be included. Description for each team may not exceed 2 pages, respectively.)

**Research Networking Plan**

Please describe clear plan for joint workshops, researcher exchanges, purposes of exchanges and expected outcome through these activities. It is strongly advised to hold a kick-off meeting participated by all countries to strengthen mutual understanding upon a beginning of the project. max 2 pages

**Plan to Nurture Early Career Researchers**

e-ASIA JRP encourages project teams to involve early career researchers and predoctoral researchers in international collaborative research activities. Please describe clear plan such as activities and research team formation which intends to nurture junior researchers in the project. The definition of early career researchers is researchers who completed his/her Ph.D. within the last 10 years. Max 1 page.

For Japanese applicant, it is advised to consider accepting students from e-ASIA countries through the Japanese Government (MEXT) Scholarship Program reserved for e-ASIA JRP. For more detail, please see below URL for 2020 application as an example.

Acceptable Funding Modality (*) (**)	Choose one	Choose one	Choose one

**(\*) Please indicate one funding modality (combination) acceptable for you from drop-down lists. Please be sure that your choice is consistent with the possible funding modality proposed by the Member Organization from your country, shown in Section II “Support/ Funding Modality” in the call guideline.**

New: If you request new budget from the Member Organization (funding agency from your country that participate in the e-ASIA JRP) for a proposed project (either new or additional).

Re-budget: If you have already received funds from the Member Organization and want to reallocate from one spending category to a proposed project under the e-ASIA JRP.

In-kind: If you have available funds by your own for a proposed project under the e-ASIA JRP although the Member Organization will provide no additional fund.

**(\*\*) If you choose combination such as “New or In-kind” or “New or Re-budget”, the priority of funding modalities in descending order is New (1st), Re-budget (2nd), and In-kind (3rd). Lower priority is considered only when your proposal dropped from selection with higher priority.**

For example, if you choose “New or In-kind”, your proposal may have an

opportunity to be reviewed and adopted with “In-kind” funding modality even after being dropped from the selection with “New” funding modality.
